Academic Activities of Rainbow School April 2025

From April 19 to 22, the Zaskar and Ladakh regions received heavy and untimely snowfall of about 45 cm. Due to the warm climate, the snow began melting rapidly, which caused damage to houses, as the majority of houses in Zaskar are built with stone walls and mud roofs. Because of the heavy snowfall, schools are closed for another week."

Academic Activities of Rainbow School April 2025

"With the weather improving, we begin our school day with a morning assembly, offering a prayer to the Almighty. Students present the news, tell jokes and stories, recite rhymes, and ask general knowledge questions to improve their public speaking skills and build confidence to speak in front of an audience."
